Position Title: Camp Military Environmental and Waste Focal point
Section/Unit: [Mission]/ODMS/Environmental Unit
Reporting to: t.b.d.
Period of appointment: t.b.d.

Job Description
The Director/Chief of Mission Support is in charge of implementing the DPKO/DFS Environmental Policy UN Field Missions (2009.6) and the DPKO/DFS Waste Policy for UN Field Missions (2015.06) at the field level and, through its delegation of authority to the mission’s Environmental Officer, is responsible for coordinating and monitoring all environmental issues across the field mission and ensuring that the civilian, military and police components are working in compliance with this policy as well as implementing related General Assembly and Security Council mandates1 requesting to reduce and manage environmental footprint of each peacekeeping operation.

Paragraph 7.28 of the generic model of the Memorandum of Understanding in the Chapter 9 of the COE Manual (A/72/288) states that: “National contingents will appoint, where requested by the Force Commander, officials to serve as environment focal points.” Also, paragraph 26 of the DPKO/DFS Environmental Policy for UN Field Missions (2009.06) calls for the appointment of “[…] an official of the Force to serve as the focal point within the military component of the mission to liaise with the Environmental Officer and to deal with environmental issues within the military component.” Paragraph 40.6 of the DPKO/DFS Waste management policy for UN Field missions (2015.06) “directs that each military headquarters and each formed contingent designate a Focal Point for Waste Management […] For efficiency and effectiveness, it is preferable that the designated Waste Management Focal Points also be the appointed Environmental Focal Points”.

The Camp Military Environmental and Waste focal point helps coordinating environmental aspects management at the camp level. The Camp Military Environmental and Waste focal point will focus on:

1. Energy conservation and a shift to renewable sources
2. Water conservation and wastewater management
3. Solid waste management

---

1 The C34 mentions the need to reduce the environmental footprint of UN field missions since 2011; A/65/19 (para 216 and 278), A/66/19 (para 288), A/68/19 (para 314), A/69/19 (para 325), A/70/19 (para 313, 317, 368).
2 The 30th committee also gives a clear mandate on reducing the overall environmental footprint of each peacekeeping mission; A/RES/70/186 (para 31), A/RES/69/307 (para 28), A/RES/66/264 (para 53).
3 The A/CABQ supports the efforts to mitigate the environmental impact of peacekeeping missions; A/66/718 (para 146), A/67/780 (para 159), A/68/782 (para 120 & 121), A/70/742 (para 94), A/71/836 (para 193, 194-196, 198-199).
The Camp Military Environmental and Waste Focal Point shall be responsible for the following duties:

1.
